Appliance Information

Method of Recycling:

- Vendor Pick-up (with new appliance purchase)
- Landfill drop-off
- Recycling Facility drop-off

Program Rules:

- Appliances must be operable at time of recycling.
- Appliances may only be delivered to, or picked up by, a company/facility that verifies:
 - refrigerants will be removed in accordance with EPA regulations;
 - a permitted appliance demanufacturer will process the equipment to ensure that materials will be recycled appropriately, and
 - necessary Iowa DNR disposal permits are secured.
- Appliances collected for resale to consumers are NOT ELIGIBLE.
- Limit of 3 total eligible appliances per Customer. More than one of the same appliance type is allowed.
- **You must attach a copy of receipt and verification of intent to properly recycle by the vendor or landfill. (See required signatures below)**

Eligible Appliances	Rebate/unit
Refrigerator	\$35
Freezer	\$25
Window AC	\$25

Pick-Up/Drop-off Date:

Company/Facility Collecting or Receiving Appliance:

Business Name		
Address

Appliance #1							
Appliance #2							
Appliance #3							
TOTAL REBATE							

Company/Facility Verification of Collection and Intent to Recycle (Requires signature below)

I verify that the above types of appliances were picked up by or delivered to our company/facility and that the appliance(s) will be processed by an appliance demanufacturer with an Iowa DNR Appliance Demanufacturer Permit and recycled prior to disposal. Appliances will not be re-sold for retail or home use. I do not confirm any of the equipment description from above other than the type of appliance collected.

Representative Signature	Date
--------------------------	------

Customer Agreement (Must Sign)

I verify that the above described equipment was installed on the date and location specified. I agree to all program requirements provided (either separately or on back of this form) and that my electric Utility reserves the right to inspect all equipment and verify information before issuing a rebate.

Terms and Conditions - Appliance Recycling Incentives - Vendor or Landfill

Program Offer: The Program covers products purchased and/or services rendered on or after **January 1, 2017**.

Eligibility Requirements:

1. All appliances are to be collected for recycling and cannot be resold or donated as an appliance to any individual or organization.
2. Only appliances in operating (working) condition qualify for this incentive program. Customer must verify the current operational condition of the appliance(s). To be considered in operating condition, the compressor and fan (if applicable) must operate when the appliance is plugged in.
3. Company or facility accepting the appliance(s) must verify that the appropriate EPA and Iowa DNR standards and regulations will be followed in the proper recycling, demanufacturing and disposal of the equipment.
4. A receipt and a signature by the company or facility representative must be provided as proof of transfer and intention of proper disposal.

General Terms and Conditions

The Utility must supply all electricity to the equipment for which the rebate is being paid.

Application Information: Missing or incorrect information on the application may delay processing and delivery of the rebate. An invoice is required and should include specific product information, including the brand, model, serial number and date of purchase of the energy efficient measures. Other information including manufacturer's equipment performance sheets may be required upon request.

The Utility reserves the right to verify sales transactions and to have reasonable access to the Customer's facility to inspect pre-existing equipment (if applicable) and energy efficient measures installed under this program.

Warranty Information: The Utility makes no warranties, expressed or implied, with respect to equipment operation, material, workmanship or manufacturing. The Utility does not guarantee that a certain level of energy or cost savings will result from the use of products covered by this program.

Limitation of Liability: The Utility's liability in connection with this program is limited to paying the rebate specified when all terms and conditions have been satisfied. Under no circumstances shall the Utility be liable for any consequential or incidental damages or tax liability resulting from participation in this program.

Participant Certification: Participating Customer certifies that he/she purchased and installed the equipment listed on their application at the defined location served by the Utility. The Customer agrees that all information provided is true and that he/she has conformed to all program requirements. If the equipment and application does not comply with the Utility's rules and qualifications, the rebate amount may be denied or adjusted.

Program Changes/Termination: The Utility reserves the right to extend, modify (including incentive levels) or terminate this Program at any time without prior or further notice. The Customer is responsible for checking with the Utility to determine whether the program has been changed or is still in effect.

Customers must apply for rebates within six (6) months of the purchase date (as shown on the Customer's invoice). Past eligibility, however, does not guarantee that equipment will meet criteria for current programs in effect.
