Installation and Equipment Information

Purchase Date

Key Program Requirements:

- Only Hard-Wired LED Fixtures are eligible*
- Products packaged with screw-in adapters are not eligible as Hard-Wired Fixtures**
- Must be ENERGY STAR® qualified
- Minimum \$5 rebate request
- Maximum rebate of \$10 per fixture and a \$600 household limit**
- Household limit is applied to a 5 year period (Installations prior to 1/1/13 are exempt)**

INSTALLATION TYPE: New Construction
 Replacement

*The Utility is partnering with local retailers in Iowa as part of the **Be Bright** lighting program. Products available through this program include screw-in lamps which do not qualify for mail-in rebates using this form. Discounts of up to \$10 per lamp or fixture have already been applied to the marked shelf price at participating retailers. Just visit a store listed at iowachangealight.com and purchase bulbs and fixtures identified on the shelf with Be Bright promotional materials.

Instructions: Multiply the Unit Price (fixture price before taxes) by the Rebate Multiplier and then enter that amount or the maximum as the Unit Rebate. Finally, multiply the Unit Rebate by the quantity of the fixture identified for each row. Enter only one row for each fixture with the same model number.

ALL columns must be filled (except Old Watts/fixture for new construction). Please read all Terms and Conditions provided.

	Type Code	Brand	Model	NEW Watts/ fixture	OLD Watts/ fixture	Unit Price* (per fixture)	Rebate Multiplier	Unit Rebate (unit price x multiplier) or MAXIMUM of \$10 per fixture	Quantity (number of fixtures)	Rebate (unit rebate x quantity) Round up to Whole Dollar
1	HWL						50%			
2	HWL						50%			
3	HWL						50%			
4	HWL						50%			
5	HWL						50%			
TOTAL										

Proof of Purchase must be provided: Contractor Installed Lighting - Customer must provide contractor invoice. The invoice must include product type, quantity, brand, model number and installation date. Retail Purchases - Customer must provide receipt and product cutouts for each item. The invoice or product cutouts must confirm product type, quantity, brand, model number, purchase date and ENERGY STAR qualification.

Customer Agreement (Must Sign)			
I verify that the above described equipment was installed on the date and location specified. I agree to all program requirements provided (either separately or on back of this form) and that my electric Utility reserves the right to inspect all equipment and verify information before issuing a rebate.

Terms and Conditions - Residential Indoor Lighting Incentives

Program Offer: The Program covers products purchased and/or services rendered on or after **January 1, 2017**.

Program Requirements:

- 1. Only Hard-wired LED Fixtures are eligible for this program!***
- LED fixtures must be ENERGY STAR qualified residential lighting products and listed on the ENERGY STAR list provided on their website at www.energystar.gov.
- The following size and rebate limits will be enforced:
 - Minimum 4 Watts per fixture.
 - Minimum \$5 rebate request.
 - Maximum rebate of \$10 per fixture (hard-wired only).
 - A household limit of \$600 is applied over a 5 year period for each Member account. Installations at a location made by previous residents are not included. Limit applies to activity in most recent five calendar years including the current year. (Installations prior to 1/1/13 are exempt and do not count towards this limit).
- The following proof of purchase must be provided to the Utility:
 - Retail Purchase - Customer must provide receipt and product cutouts for each fixture. The invoice and product cutouts must confirm product type, quantity, brand, model number and purchase date. For ENERGY STAR Qualified Fixtures, the ENERGY STAR logo, product type and model should be visible on a single product cutout.
 - Contractor Installed - Customer must provide contractor invoice. The invoice must include product type, quantity, brand, model number and installation date.
- All lighting products must be installed and are subject to utility verification.
- ENERGY STAR Qualified LED Fixtures apply to many different fixture types, including can fixtures, surface mount, and torchiere lamp fixtures.
- ENERGY STAR Qualification can be verified by one of the following:
 - Provide cutout of package displaying the ENERGY STAR logo.
 - Provide printout from ENERGY STAR website (<http://energystar.gov>) showing that the product model indicated on the invoice is listed as ENERGY STAR qualified.

***Note: Products packaged with screw-in adapters are not eligible as Hard-Wired fixtures even if promoted as such or listed as a "fixture" on the Energy Star qualified lighting list.**

Be Bright Retail Discounts

The Utility is partnering with over 350 local retailers in Iowa as part of the **Be Bright** lighting program. As part of this program, the Utility has bought down the price of various ENERGY STAR® rated CFL and LED bulbs and fixtures that are available at participating retailers.

Discounts of up to \$10 per lamp or fixture have already been applied to the marked shelf price at participating retailers. No claim forms are used. Just visit one of the stores listed at iowachangealight.com and purchase CFL or LED bulbs and fixtures identified on the shelf with Be Bright promotional materials.

General Terms and Conditions

The Utility must supply all electricity to the equipment for which the rebate is being paid.

Application Information: Missing or incorrect information on the application may delay processing and delivery of the rebate. An invoice is required and should include specific product information, including the brand, model, serial number and date of purchase of the energy efficient measures. Other information including manufacturer's equipment performance sheets may be required upon request.

The Utility reserves the right to verify sales transactions and to have reasonable access to the Customer's facility to inspect pre-existing equipment (if applicable) and energy efficient measures installed under this program.

Warranty Information: The Utility makes no warranties, expressed or implied, with respect to equipment operation, material, workmanship or manufacturing. The Utility does not guarantee that a certain level of energy or cost savings will result from the use of products covered by this program.

Limitation of Liability: The Utility's liability in connection with this program is limited to paying the rebate specified when all terms and conditions have been satisfied. Under no circumstances shall the Utility be liable for any consequential or incidental damages or tax liability resulting from participation in this program.

Participant Certification: Participating Customer certifies that he/she purchased and installed the equipment listed on their application at the defined location served by the Utility. The Customer agrees that all information provided is true and that he/she has conformed to all program requirements. If the equipment and application does not comply with the Utility's rules and qualifications, the rebate amount may be denied or adjusted.

Program Changes/Termination: The Utility reserves the right to extend, modify (including incentive levels) or terminate this Program at any time without prior or further notice. The Customer is responsible for checking with the Utility to determine whether the program has been changed or is still in effect.

Customers must apply for rebates within six (6) months of the purchase date (as shown on the Customer's invoice). Past eligibility, however, does not guarantee that equipment will meet criteria for current programs in effect.
